

Ben Bubnick

1626 Auburn Ave Apt 2, Cleveland, OH 44113
ben.bubnick@gmail.com (216) 556-1612

SUMMARY Analytical and detail oriented; Quickstudy with proven ability to lead and manage; Broad spectrum of technical knowledge; Talented in analyzing test results and report writing; High manual dexterity and good hand-eye coordination, Strong verbal and written communication of complex concepts to a wide range of audiences

EDUCATION *Master of Science, Physics*
University of Cincinnati, Cincinnati, OH, December 2010
Concentration: Astrophysics

Bachelor of Fine Arts
Ohio University, Athens, OH, June 2004
Concentration: Printing

COMPUTER *Languages & Software:* VB.NET, SQL, C++, IDL, IRAF, Mathematica & L^AT_EX

EXPERIENCE *Color Scientist* Apr 2012 - Aug 2013
PPG Industries, Strongsville, OH

- Developed software for spectroscopic profile analysis on color match samples, radiative transfer models on simple paint mixtures to determine formulation methods, and risk analysis on new technology and models that we deliver to our customers.
- Detailed achievements:
 - 40% marked improvement on color matching software algorithm
 - Developed cross-instrument correlation software for risk analysis project
 - Debugged optimization function for numerical solution to the radiative transfer equation

Adjunct Professor Aug 2010 - Jun 2011
Physics Department, Miami University

- Developed curricula in introductory physics & astronomy courses

Adjunct Professor Feb 2011 - Jun 2011
Physics Department, Cincinnati State

- Designed a technical physics curriculum for remedial students

AWARDS

- 2008-2010, UGS Scholarship The Graduate School, University of Cincinnati
- 2010, Mary J Hanna Fellowship School of Arts & Sciences, University of Cincinnati
- 2005-2007, Dean's List School of Arts & Sciences, University of Cincinnati
- 2003, Provost's Undergraduate Research Grant Honors College, Ohio University
- 2002-2004, Dean's List School of Fine Arts, Ohio University

INTERESTS *Professional:* Bayesian Artificial Intelligence, Data Analysis, Mathematical Modelling, Software Design *Personal:* Cooking, Drawing, Hiking, Journalism, Music
